

FISCAL NOTE

HB 2409 - SB 2702

February 1, 2002

SUMMARY OF BILL: Directs the Department of Transportation to conduct a feasibility study relative to construction of a bridge to span the Tennessee River on U.S. Highway 27 South near Rockwood in Roane County for the express purpose of connecting U.S. Highway 27 with other routes on the eastern side of the Tennessee River. Requires the Commissioner of Transportation to report the results of the study no later than January 1, 2003.

ESTIMATED FISCAL IMPACT:

Increase State Expenditures - \$60,000 One-Time / Highway Fund

Based on information provided by the Department of Transportation, a feasibility study to produce functional plans for at least 2 alternatives for the approximate 6 miles to connect US Highway 27 with other routes on the eastern side of the Tennessee River is estimated to cost \$60,000 and would take 6 to 9 months to complete.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

James A. Davenport, Executive Director
